Re: Right-to-Know Request Regarding Criminal Defamation Charge Against Robert Frese

Dear Chief Shupe:

This is a Right-to-Know request to the Exeter Police Department (“the Department”) pursuant to RSA 91-A and Part I, Article 8 of the New Hampshire Constitution by the American Civil Liberties Union of New Hampshire (“ACLU-NH”). The ACLU-NH defends and promotes the fundamental principles embodied in the Bill of Rights and the U.S. and New Hampshire Constitutions. In furtherance of that mission, the ACLU-NH regularly conducts research into government activities in New Hampshire. We ask that your Department waive all fees associated with responding to this request. Please contact me to discuss the fee waiver in advance of preparing any copies.

Below are the specific requests:

1. All records—including incident reports, interview/police reports, call logs, police officer narratives, and audio/video recordings—concerning (i) the alleged criminal conduct committed by Robert Frese resulting in the charge of criminal defamation, and (ii) the criminal complaint filed against Mr. Frese for criminal defamation. This request includes the speech that Chief Shupe alleges is defamatory.
2. From April 1, 2018 to the present, all internal or external communications concerning Robert W. Frese.

In responding to this request, please consider the time limits mandated by the Right-to-Know law. In discussing those limits in *ATV Watch v. N.H. Dep’t of Res. & Econ. Dev.*, 155 N.H. 434 (2007), the New Hampshire Supreme Court has stated that RSA 91-A:4, IV requires that a public body or agency, “within 5 business days of the request, make such records available, deny the request in writing with reasons, or to furnish written acknowledgement of the receipt of the request and a statement of the time reasonably necessary to determine whether the request shall be granted or denied.” *Id.* at 440.

If produced, these records must be produced irrespective of their storage format; that is, they must be produced whether they are kept in tangible (hard copy) form or in an electronically-stored format, including but not limited to e-mail communications. If any records are withheld, or any portion redacted, please specify the specific reasons and statutory exemption relied upon. *See* RSA 91-A:4, IV (official must “make such record available” or “deny the request in writing with reasons”) (emphasis added).

Thank you for your anticipated cooperation. I look forward to hearing from you as soon as possible. Of course, if you have any questions or concerns, do not hesitate to contact me.

Very truly yours,

Gilles Bissonnette

RE: Analysis of criminal defamation charge against Robert Frese

Facts

On May 4, 2018, the Exeter Newsletter ran an article entitled “Retiring Exeter Officer’s Favorite Role: Mentoring Youth.” The article featured Officer Dan D’Amato and announced his retirement from the Exeter Police Department. On that same day, someone under the name of “Bob Williams” posted an online comment on the article stating, “This is the dirtiest most corrupt cop I have ever had the displeasure of knowing, he has committed perjury, false charges, conspiracy, false reports to law enforcement . . . Although the truth came out in court he and she were never charged, as the ‘Blue Wall’ of police cover up protected him, and the coward Chief Shupe did nothing about it . . .”

Detective Patrick Mulholland saw the comment on May 4, 2018, contacted the Exeter Newsletter, and requested that it be removed.¹ The Exeter Newsletter complied with the request. Within a couple of hours, a new comment appeared, this time under the name “Bob Exeter,” which stated, “The coward Chief Shupe did nothing about it and covered up for this dirty cop.”

On May 7, 2018, Detective Nadeau located the Facebook page for one “Robert William,” which included a photograph of a man that Detective Nadeau recognized as Robert Frese. The Facebook timeline associated with “Robert William” included a post stating, “the Exeter Police

¹ This conduct raises independent First Amendment concerns, as it appears Detective Mulholland took action under color of law to suppress speech based solely on content.

are corrupt and that the police got him banned.” Detective Nadeau also located another comment on the Exeter Newsletter by “Robert Williams” stating, “Chief Shupe is a coward who covers up for this dirty cop.”

On May 8, 2018, Detective Mulholland met with Frese about the posts. During that meeting, Frese stated that Officer D’Amato gave him “a bogus ticket on String Bridge.” Frese also stated that Officer D’Amato committed perjury during a hearing related to a restraining order when he lied about what Frese said during a traffic stop. Frese also claimed that Officer D’Amato’s daughter lied during the same hearing. Frese said that other than Officer Gagnon, every other Exeter officer that Frese had observed in court had lied.

Frese stated that he raised his concerns about Officer D’Amato with Chief Shupe and sought to file a complaint. According to Frese, Chief Shupe “did nothing.” Frese stated that he understood Chief Shupe’s inaction as covering up for Officer D’Amato and his daughter. Frese stated that Chief Shupe told him that he had a court date and could raise his concerns in that forum. Detective Mulholland subsequently discussed the incident with Chief Shupe, who recalled Frese coming to the complex and recalled that he told Frese to handle the issues in court. Chief Shupe also indicated that he was not aware of any criminal conduct committed by Officer D’Amato and denied that he had covered up any criminal conduct.

Based on the foregoing, Detective Mulholland determined that “no credible information exists to believe that Ofc. D’Amato committed the acts Frese suggests . . . Nor is there any credible information to suggest that Chief Shupe covered up said criminal acts.” Accordingly, as determined by Detective Mulholland, “the statements made publicly about Chief Shupe constitute[] Criminal Defamation of Character under RSA 644:11.”

On May 23, 2018, the Exeter Police Department drafted a complaint alleging that Frese “purposely communicated on a public website, in writing, information which he knows to be false and knows will tend to expose another person to public contempt, by posting that Chief Shupe covered up for a dirty cop.” The Exeter Police obtained an arrest warrant for Frese on the charge of criminal defamation. Detective Mulholland subsequently called Frese, who agreed to turn himself in. Frese was processed and given a court date on July 10, 2018.

Analysis²

Early criminal defamation laws prohibited defamatory comments about public or private citizens. *Fitts v. Kolb*, 779 F. Supp. 1502, 1506-07 (D. S.C. 1991); *Gottschalk v. State*, 575 P.2d 289, 291 (Alaska 1978). The prohibition against defamation served two purposes: first, the laws were deemed necessary to prevent political unrest arising from criticism of government officials; second, they were intended to maintain public order, which might otherwise be disrupted by duels or other violence brought on by criticism of private citizens. *Fitts*, 779 F. Supp. at 1507; *Gottschalk*, 575 P.2d at 291. Under these laws, any statement that tended to degrade or disgrace another—whether opinion or fact, truthful or false—was considered defamatory. *Garrison v. Louisiana*, 379 U.S. 64, 67-68 (1964); *Fitts*, 779 F. Supp. at 1507; *Gottschalk*, 575 P.2d at 291.

The common law of criminal defamation remained in force until well into the twentieth century. *Gottschalk*, 575 P.2d at 292. Then, in *New York Times v. Sullivan*, 376 U.S. 254 (1964), the United States Supreme Court held that civil sanctions could not be imposed based upon defamatory statements made concerning a public official unless the statements were false and made with “actual malice.” *Id.* at 280. The Court defined “actual malice” as making a

statement “with knowledge that [the statement] was false or with reckless disregard of whether it was false or not.” *Id.* The Court reasoned that such a rule was necessary to maintain the principle that “debate on public issues should be uninhibited, robust, and wide-open, and . . . may well include vehement, caustic, and sometimes unpleasantly sharp attacks on government and public officials.” *Id.* at 270.

In *Garrison*, the Court subsequently held that the same rule applied to criminal defamation. The Court struck down Louisiana’s criminal libel statute, finding that the statute infringed upon protected speech by punishing false statements concerning public officials made without “actual malice.” 379 U.S. at 77-78. The Court further stated:

Even where the utterance is false, the great principles of the Constitution which secure freedom of expression in this area preclude attaching adverse consequences to any except the knowing or reckless falsehood. Debate on public issues will not be uninhibited if the speaker must run the risk that it will be proved in court that he spoke out of hatred; even if he did speak out of hatred, utterances honestly believed contribute to the free interchange of ideas and the ascertainment of truth.

Id. at 73. (emphasis added).

On its face, the New Hampshire criminal defamation statute complies with the *Garrison* actual-malice requirement by stating that person is guilty of criminal defamation if he purposely communicates to any person, orally or in writing, any information which he (1) *knows to be false*³ and (2) knows will tend to expose any other living person to public hatred, contempt or ridicule.” RSA 644:11 (emphasis added). However, in this case, the Exeter Police Department arrested and charged Frese without probable cause of actual malice—that is, that he made the statements at issue with knowledge that they were false.

³ Notably, the New Hampshire legislature did not codify the *Garrison* definition of “actual malice” in its entirety, omitting “with reckless disregard of whether it was false or not.”

“Probable cause to arrest exists when the arresting officer has knowledge and trustworthy information sufficient to warrant a person of reasonable caution and prudence in believing that the arrestee has committed an offense.” *Hartgers v. Town of Plaistow*, 141 N.H. 253, 255 (1998). “The determination of probable cause must be viewed in the light of factual and practical considerations of everyday life on which reasonable and prudent [persons], not legal technicians, act.” *State v. Jaroma*, 137 N.H. 562, 567 (1993) (quotation omitted).

Here, Frese took to the internet to express his personal opinion that Officer D’Amato is “dirty” and that Chief Shupe covered for him. All of the information available at the time of Frese’s arrest indicates that Frese believed his comments about Officer D’Amato and Chief Shupe were true. Frese provided Detective Mulholland with specific examples of Officer D’Amato’s conduct to support his statements that Officer D’Amato committed perjury and made false statements. Moreover, Frese recounted a situation, which Chief Shupe corroborated, in which Frese tried to file a complaint regarding his concerns about D’Amato and Chief Shupe told him to address it in court. Frese pointed to this incident to support his statement of a “cover up.”

The fact that members of the Exeter Police Department think that Frese’s statements are false does not somehow criminalize Frese’s speech. *Garrison*, 379 U.S. at 73. Even if Frese’s statements are demonstrably false, *Garrison* makes clear that Frese could not have engaged in criminal defamation unless he made the statements at issue with “actual malice”—that is, “with knowledge that [the statement] was false.” *Id.*; see RSA 644:11. The incident report makes clear that the Exeter Police Department failed to consider this requirement when determining whether to arrest and charge Frese. Instead, the Department

only considered whether there was credible information to support Frese's statements—specifically, Detective Mulholland expressly stated in his report that he brought the charge against Frese because there was no credible information that Frese's statements were true. But this is not the legal standard. Without probable cause of actual malice, Frese's arrest and the subsequent charges against him raised First Amendment concerns. *See e.g., Jenkins v. Rock Hill Local Sch. Dist.*, 513 F.3d 580, 588 (6th Cir. 2008) (“the right to criticize public officials is clearly protected⁴ by the First Amendment.”); *Glasson v. City of Louisville*, 518 F.2d 899, 904 (6th Cir. 1975) (“The right of an American citizen to criticize public officials and policies and to advocate peacefully ideas for change is the central meaning of the First Amendment.”); *Bourne v. Arruda*, 2011 U.S. Dist. LEXIS 62332, at 40 (D. N.H. June 10, 2011) (unpublished) (citing *Jenkins*).

⁴ Speech is generally protected by the First Amendment, with restrictions on only limited types of speech, such as obscenity, defamation, and fighting words, *R. A. V. v. St. Paul*, 505 U.S. 377, 382-83 (1992), none of which is applicable here.

1. On May 23, 2018 I presented an arrest warrant to Judge LeFrancois for Robert Frese on the charge of Criminal Defamation. The warrant was subsequently granted and signed. I contacted Frese by phone and asked that he turn himself in. He indicated he would be right down.
2. At approximately 1245hrs. Frese arrived at the complex. In the lobby he stated that he has been waiting for this day referring to telling his version. I searched him in the lobby and escorted him to the booking room. I processed him on the warrant and he was given a court date of 7-10-18 as well as a copy of the complaint. BC St. James set bail at \$1000.00 PR. He further ordered no contact with interested parties. I asked Frese if he knew who the interested parties were. He stated members of the Exeter Police Dept. I advised him Chief Shupe. St. James further advised him of potential witness including Ofc. D'Amato and his daughter. Frese indicated he understood. Frese asked what he meant by contact and St. James explained any contact including through a third person, text, calls, gifts, flowers, notes, etc.
3. I had dispatch download the video footage from the booking process, which has been stored on a DVD. I entered that into evidence with PCT# 18-245-PR. The video does not record audio.

NARRATIVE FOR DETECTIVE PATRICK T MULHOLLAND

Ref: 18-401-OF

Mulholland
05-09-18

1. On May 4, 2018 an article was posted online at the Exeter Newsletter titled "Retiring Exeter Officer's favorite role: mentoring youth". The article also showed a photo of Ofc. Dan D'Amato, which is the focus of the article as he announced his retirement.
2. A comment section is located under the article. One comment was attached to the article that was made by a subject named Bob William. The portion of the comment that is relevant is as follows:
 - This is the dirtiest most corrupt cop I have ever had the displeasure of knowing, he has committed perjury, false charges, conspiracy, false reports to law enforcement...
 - Although the the truth came out in court he and she were never charged, as the "Blue wall" of police cover up protected him, and coward Chief Shupe did nothing about it..
3. I observed this comment at approximately 0800hrs. on 05-04-18 and it stated that it was posted 13 hours ago, which would indicate 05-03-18 at approximately 1900hrs. I am aware that the name Bob William is used by the following subject:

Robert Frese
08-20-55

as he has posted comments before.
4. Given the content of the comments a request was made to the Exeter Newsletter and they deleted the comments from the article. Within a couple hours a very similar comment was posted from a subject named Bob Exeter. That was forwarded to me by Chief Shupe. One of the lines read:
 - The coward Chief Shupe did nothing about it and covered up for this dirty cop.
5. On 05-07-18 Det. Nadeau was then able to locate a facebook page for Robert William. It had a photo of a subject recognized to be Frese. A post on his timeline states that he posted the Exeter Police are corrupt and that the police got him banned. I attached the article, comments and Facebook screen shots to this report. Det. Nadeau also located another post by Robert William on the Exeter Newsletter Facebook page that has a similar comment. In that posting he states that Chief Shupe is a coward who covers up for his dirty cops.
6. I discussed with Chief Shupe the comments in regards to him being corrupt and covering up alleged crimes of other officers. He expressed his concern regarding the comments as they are false and baseless and were made in a public forum. We reviewed the statute for Criminal Defamation under RSA 644:11 and believed that Frese crossed a line from free speech to a violation of law.

SUPPLEMENTAL NARRATIVE#1 FOR DETECTIVE PATRICK T MULHOLLAND

Ref: 18-401-OF

Mulholland

05-11-18

Supplemental #1

1. On May 8, 2018 at approximately 1400hrs. Det. Nadeau and I went to 43 Hayes TRPK. I made verbal contact with Robert Frese through a screen window. I advised Frese that I wanted to talk with him regarding the comments he posted in the newspaper. He agreed and was willing to meet me at the complex.
2. At approximately 1425hrs. Frese arrived at the complex. I escorted him into the interview room. I recorded my conversation with his permission. I advised him that he was free to leave and did not have to answer my questions. Frese stated that he has consistently been posting since 2013 when he (D'Amato) gave him a bogus ticket on String Bridge. He stated that the most recent postings were on the comment section online. He admitted that he uses the name Bob William. He also stated that he uses ExeterBob@yahoo.com. When asked he stated that D'Amato committed Perjury. I asked him if Chief Shupe covered that up and he stated, "Right". He stated D'Amato got his daughter to make false statements to the court to get an RO against him.
3. He stated everything in her statement was false. It should be noted that the RO was issued by the court at that time. Frese advised that D'Amato testified at his daughter's hearing, which is when he claims the perjury occurred. He indicated that D'Amato lied in regards to what Frese said during the traffic stop. He advised that other than Ofc. Gagnon every cop from Exeter he has been in court with has lied.
4. Frese advised that he came into the complex to talk with then Capt. Shupe. He wanted to file a complaint and stated that Capt. Shupe did nothing. He stated that Capt. Shupe covered up for D'Amato and his daughter. He stated that Capt. Shupe did not hear his side. He admits that Capt. Shupe advised him that he had a court date and take care of it then or something to that effect. Frese stated that he wanted to report a crime, he stated it was derelict of duty, cowardice, cover up, whatever you want to call it. I asked if he had any other evidence to prove his accusations. He advised just his testimony. Frese then added that it is either derelict of duty or covering up. One or the other or both. I pointed out that in his own words he doesn't know what it is. He stated that he knows it's at least dereliction of duty. Frese however, documented his comments online stating that Chief Shupe was covering up criminal activity. Refer to his recorded statement for complete details. That has been attached to this report.
5. I discussed this information with Chief Shupe. He recalls Frese coming into the complex and telling him to handle his issues in court on his appropriate court date. He advised that he is not aware of any criminal acts by Ofc. D'Amato nor has he covered up any criminal conduct by him. Based on the above information no credible information exists to believe that Ofc. D'Amato committed the acts Frese suggests. Nor is there any credible information to suggest that Chief Shupe covered up said criminal acts. Given that the statements made publicly about Chief Shupe constitutes Criminal Defamation of Character under RSA 644:11.

SUPPLEMENTAL NARRATIVE#2 FOR DETECTIVE PATRICK T MULHOLLAND

Ref: 18-401-OF

Mulholland
06-04-18
Supplemental #2

1. On June 4, 2018 at approximately 0920hrs. I contacted Robert Frese by phone at 793-8633. This was the same number I called when I asked him to turn himself in on his arrest warrant on 05-23-18. On this day a male subject answered the phone. I recognized his voice to be Frese and when asked if it was Bob he stated it was. I pointed out to him that I was calling from a recorded line. I advised him I wanted to talk with him and asked if that was okay. He said sure.
 2. The purpose of my call was to gather information from Frese as to his location when he posted the comments about Chief Shupe that we had discussed during his interview. I mentioned to him that I received a call from a reporter in an effort to solicit conversation about his social media postings and the locations he does that in. During the course of the conversation Frese advised that he didn't recall where he was when he posted the comments about Chief Shupe. He stated that he could be anywhere that had wifi. He stated that it could be Exeter, Stratham, Epping.
 3. Refer to the recording for complete details. That has been entered into evidence with PCT# 18-277-PR.
 4. I reviewed the article posted on the Exeter Newsletter Facebook page regarding Ofc. D'Amato's retirement. Five comments were still present under the article. I noted the following times (Curser over the day/time tab) that people posted comments listed as most relevant.

Laurie Bramlitt	05-04-18	1848hrs.
Janis Sheldon	05-04-18	1733hrs.
Nancy Klein	05-04-18	1414hrs.
Laura martin	05-04-18	0959hrs.
Charles Lavelle	05-04-18	0939hrs.
- The article was posted on 05-04-18 at 0920hrs. Frese's comments were posted above Bramlitt, which would indicate that he posted his comments after 1848hrs. I attached screen shots of the screen showing the Bramlitt and Lavelle times.
5. I will be drafting search warrants for the social media site(s) involved in this case to further document identifications, locations, dates, times, etc.

State of New Hampshire

ROCKINGHAM COUNTY

10th CC BRENTWOOD DISTRICT DIVISION

May 21, 2018

I, Detective Patrick Mulholland, being duly sworn, herewith make application for the issuance of an arrest warrant against the defendant:

Robert Frese
DOB: 08-20-55

I have information that a crime (or offense) has been committed by the defendant as follows: (describe source, facts indicating reliability and credibility of source, and nature of information; if based on personal knowledge, so state).

Criminal Defamation RSA 644:11

1. That on May 4, 2018 an article was posted online on the Exeter Newsletter website titled "Retiring Exeter Officer's favorite role: mentoring youth". The article also showed a photo of Ofc. Dan D'Amato, which is the focus of the article as he announced his retirement.

2. That a comment section is located under the article. One comment was attached to the article that was made by a subject named Bob William. The portion of the comment that is relevant is as follows:

- This is the dirtiest most corrupt cop I have ever had the displeasure of knowing, he has committed perjury, false charges, conspiracy, false reports to law enforcement...
- Although the truth came out in court he and she were never charged, as the "Blue wall" of police cover up protected him, and coward Chief Shupe did nothing about it.

3. That I observed this comment at approximately 0800hrs. on 05-04-18 and it stated that it was posted 13 hours ago, which would indicate 05-03-18 at approximately 1900hrs. I am aware that the name Bob William is used by the following subject:

Robert Frese
08-20-55

as he has posted comments before.

4. That given the content of the comments a request was made to the Exeter Newsletter and they deleted the comments from the article. Within a couple hours a very similar comment was posted from a subject named Bob Exeter. That was forwarded to me by Chief Shupe. One of the lines read:

- The coward Chief Shupe did nothing about it and covered up for this dirty cop.

A third posting on the Exeter Newsletter's Facebook page from Bob William also stated that Chief Shupe is a coward who covers up for his dirty cops.

5. That on 05-07-18 Det. Nadeau was able to locate a facebook page for Robert William. It had a photo of a subject recognized to be Frese. A post on his timeline states that he posted the Exeter Police are corrupt and that the police got him banned.

6. That I discussed with Chief Shupe the comments in regards to him being corrupt and covering up alleged crimes of other officers. He expressed his concern regarding the comments as they are false and baseless and were made in a public forum. We reviewed the statute for Criminal Defamation under RSA 644:11 and believed that Frese crossed a line from free speech to a violation of law.

7. That on May 8, 2018 at approximately 1425hrs. I interviewed Frese at the complex. I advised him that he was free to leave and did not have to answer my questions. Frese stated that he has consistently been posting since 2013 when he (D'Amato) gave him a bogus ticket on String Bridge. He stated that the most recent postings were on the comment section online. He admitted that he uses the name Bob William as well as ExeterBob @yahoo.com. When asked he stated that D'Amato committed Perjury. I asked him if Chief Shupe covered that up and he stated, "Right". He stated D'Amato got his daughter to make false statements to the court to get an RO against him.

8. That he stated everything in her statement was false. It should be noted that the RO was issued by the court at that time. Frese advised that D'Amato testified at his daughter's hearing, which is when he claims the perjury occurred. He indicated that D'Amato lied in regards to what Frese said during the traffic stop. He advised that other than Ofc. Gagnon every cop from Exeter he has been in court with has lied.

9. That Frese advised that he came into the complex to talk with then Capt. Shupe. He wanted to file a complaint and stated that Capt. Shupe did nothing. He stated that Capt. Shupe covered up for D'Amato and his daughter. He stated that Capt. Shupe did not hear his side. He admits that Capt. Shupe advised him that he had a court date and to take care of it then or something to that effect. Frese stated that he wanted to report a crime, he stated it was derelict of duty, cowardice, cover up, whatever you want to call it. I asked if he had any other evidence to prove his accusations. He advised just his testimony. Frese then added that it is either derelict of duty or covering up. One or the other, or both. I pointed out that in his own words he doesn't know what it is. He stated that he knows it's at least dereliction of duty. Frese however, documented his comments online stating that Chief Shupe was covering up criminal activity.

10. That I discussed this information with Chief Shupe. He recalls Frese coming into the complex and telling him to handle his issues in court on his appropriate court date. He advised that he is not aware of any criminal acts by Ofc. D'Amato nor has he covered up any criminal conduct by him. Based on the above information no credible information exists to

believe that Ofc. D'Amato committed the acts Frese suggests. Nor is there any credible information to suggest that Chief Shupe covered up said criminal acts. Given that the statements made publicly about Chief Shupe constitutes Criminal Defamation under RSA 644:11.

Wherefore, I request that the court to issue an ARREST WARRANT and order a duly authorized officer to serve the summons to the defendant.

Detective Patrick Mulholland

The above named, Patrick Mulholland, ☒ personally appeared or ☐ transmitted a signed copy of the documents by facsimile or electronic transmission and made oath, either in ☒ person or ☐ by telephone attesting that the foregoing affidavit is true.

Before me this 23 day of May 2018 at 10:35 AM

David G. LeFrancois
Justice of the Peace

And I, David G. LeFrancois, Justice ~~of the Peace~~, have personally examined the Complaint against the aforesaid defendant, any information contained in the above affidavit, and have orally examined the above applicant. Based upon such information, I conclude that there (is) (is not) sufficient probable cause for the issuance of the arrest warrant sought. Therefore, the warrant is (granted) (denied) and the warrant (is) (is not) issued.

Justice ~~of the Peace~~ David G. LeFrancois

Notes of Issuing Magistrate:

Probable cause is defined as: "An apparent state of facts found to exist upon reasonable inquiry, which would induce a reasonably intelligent and prudent man to believe, in a criminal case, that the accused person had committed the crime charged."

This is the dirtiest most corrupt cop I have ever had the displeasure of knowing, he has committed perjury, false charges, conspiracy, false reports to law enforcement, along with his known prostitute daughter who went by the name Isabella Soprano and now goes by the name Angela Greene. Although the truth came out in court he and she were never charged, as the "Blue Wall" of police cover up protected him, and the coward Chief Shupe did nothing about it. D'Amato has nothing to be proud of and will be missed by no one. I picked up his drunk wife on a number of occasions and got her home safely. Good riddance to this creep.

DOJ:

Spoke with someone this morning who advised to send this.

On Sunday last I responded to a Craigslist ad for free items at the side of the road on Beech Hill Road in Exeter. As I stopped there a woman came out swearing at me and eventually said "get the fuck out of here or I'll fucking kill you". I then recognized her as Angela Greene aka Isabella Soprano, a known prostitute and pornographic actress, and also the daughter of recently retired Exeter police officer Dan D'Amato. These two have conspired in the past and falsely accused me of a number of things which were not true, and were dismissed in court. The state police said I would have to make the complaint to Exeter police first and if they did nothing then appeal to you folks. I did make a written complaint to Exeter police and as of this date they have done nothing other than serve me with a trespass notice and restraining order for Angela Greene. I sought a restraining order against her but the court denied mine, but gave her one which I find odd, and the same judge, Mark Weaver. A detective Mulholland of Exeter police showed up at my house this week, I assumed to investigate my complaint against Greene. After we spoke he said he would be seeking a complaint against me for criminal defamation for my comments on social media as to my difficulties and harassment by them over the years. I have been posting about these difficulties for years and all of sudden it's a crime? This is just more harassment and targeting of myself by the Exeter police and it has had a drastic effect on my quality of life. I am sometimes afraid to go out of the house as I don't know what they will come up with next. I have been stopped walking a dog, bicycling, followed. They have come by after midnight shining a spotlight on my home only without any request by me to do so. Knowing I am on federal probation they have complained to him and run my license plate number in the middle of the night when I am home in bed just to send up a red flag. This is an ongoing problem despite my repeated complaints to them and the town selectmen with no action or reply ever taken. I have sought help from a psychiatrist who prescribed medication, I also see a therapist and case worker and attend self help groups. It's a shame when with all going on these days the only criminal element I have to worry about is the Exeter police. I have no issues with any other police departments and get along just fine with them. It is Exeter all along who has been the problem, many false and exaggerated charges over the years, on one occasion they charged me with receiving stolen property from the sidewalk around trash day for the price of 4 trash bags which amounted to \$4.00, naturally the case was dismissed but not before I spent the night in jail on \$500.00 cash bail! On another occasion they charged me with receiving stolen property for picking trash out of a trash receptacle even after the store manager admitted discarding them! The list goes on and on has given me anxiety and justifiable paranoia as I don't know what they will come up with next. I live alone in a 58 year old trailer in a trailer park and just want to be left alone. It's a shame I have to live like this, and that most of my talks with those treating me for mental health issues revolve around my difficulties with Exeter police, and not the core issues that need to be resolved. I would like your help as I cannot do this alone with the cards stacked against me.

DOJ:

Spoke with someone this morning who advised to send this.

On Sunday last I responded to a Craigslist ad for free items at the side of the road on Beech Hill Road in Exeter. As I stopped there a woman came out swearing at me and eventually said "get the fuck out of here or I'll fucking kill you". I then recognized her as Angela Greene aka Isabella Soprano, a known prostitute and pornographic actress, and also the daughter of recently retired Exeter police officer Dan D'Amato. These two have conspired in the past and falsely accused me of a number of things which were not true, and were dismissed in court. The state police said I would have to make the complaint to Exeter police first and if they did nothing then appeal to you folks. I did make a written complaint to Exeter police and as of this date they have done nothing other than serve me with a trespass notice and restraining order for Angela Greene. I sought a restraining order against her but the court denied mine, but gave her one which I find odd, and the same judge, Mark Weaver. A detective Mulholland of Exeter police showed up at my house this week. I assumed to investigate my complaint against Greene. After we spoke he said he would be seeking a complaint against me for criminal defamation for my comments on social media as to my difficulties and harassment by them over the years. I have been posting about these difficulties for years and all of sudden it's a crime? This is just more harassment and targeting of myself by the Exeter police and it has had a drastic effect on my quality of life. I am sometimes afraid to go out of the house as I don't know what they will come up with next. I have been stopped walking a dog, bicycling, followed. They have come by after midnight shining a spotlight on my home only without any request by me to do so. Knowing I am on federal probation they have complained to him and run my license plate number in the middle of the night when I am home in bed just to send up a red flag. This is an ongoing problem despite my repeated complaints to them and the town selectmen with no action or reply ever taken. I have sought help from a psychiatrist who prescribed medication, I also see a therapist and case worker and attend self help groups. It's a shame when with all going on these days the only criminal element I have to worry about is the Exeter police. I have no issues with any other police departments and get along just fine with them. It is Exeter all along who has been the problem, many false and exaggerated charges over the years, on one occasion they charged me with receiving stolen property from the sidewalk around trash day for the price of 4 trash bags which amounted to \$4.00, naturally the case was dismissed but not before I spent the night in jail on \$500.00 cash bail! On another occasion they charged me with receiving stolen property for picking trash out of a trash receptacle even after the store manager admitted discarding them! The list goes on and on has given me anxiety and justifiable paranoia as I don't know what they will come up with next. Mr. Frese,

We sometimes receive complaints from people who perceive that they are being targeted by the police. Often times, when we look deeper into the situation, it is discovered that the police are merely doing their job and it is actually the conduct of the complainant that is requiring the police response and subsequent contacts.

In looking into this, I have found this to be the case in your situation. Your complaint has therefore been determined to be unfounded.

A detective Mulholland of Exeter police showed up at my house this week. I assumed to investigate my complaint against Greene. After we spoke he said he would be seeking a complaint against me for criminal defamation for my comments on social media as to my difficulties and harassment by them over the years. I have been posting about these difficulties for years and all of sudden it's a crime? This is just more harassment and targeting of myself by the Exeter police and it has had a drastic effect on my quality of life. I am sometimes afraid to go out of the house as I don't know what they will come up with next. I have been stopped walking a dog, bicycling, followed. They have come by after midnight shining a spotlight on my home only without any request by me to do so. Knowing I am on federal probation they have complained to him and run my license plate number in the middle of the night when I am home in bed just to send up a red flag. This is an ongoing problem despite my repeated complaints to them and the town selectmen with no action or reply ever taken. I have sought help from a psychiatrist who prescribed medication, I also see a therapist and case worker and attend self help groups. It's a shame when with all going on these days the only criminal element I have to worry about is the Exeter police. I have no issues with any other police departments and get along just fine with them. It is Exeter all along who has been the problem, many false and exaggerated charges over

the years, on one occasion they charged me with receiving stolen property from the sidewalk around trash day for the price of 4 trash bags which amounted to \$4.00, naturally the case was dismissed but not before I spent the night in jail on \$500.00 cash bail! On another occasion they charged me with receiving stolen property for picking trash out of a trash receptacle even after the store manager admitted discarding them! The list goes on and on has given me anxiety and justifiable paranoia as I don't know what they will come up with next. I live alone in a 58 year old trailer in a trailer park and just want to be left alone. It's a shame I have to live like this, and that most of my talks with those treating me for mental health issues revolve around my difficulties with Exeter police, and not the core issues that need to be resolved. I would like your help as I cannot do this alone with the cards stacked against me.

DOJ:

Spoke with someone this morning who advised to send this.

On Sunday last I responded to a Craigslist ad for free items at the side of the road on Beech Hill Road in Exeter. As I stopped there a woman came out swearing at me and eventually said "get the fuck out of here or I'll fucking kill you". I then recognized her as Angela Greene aka Isabella Soprano, a known prostitute and pornographic actress, and also the daughter of recently retired Exeter police officer Dan D'Amato. These two have conspired in the past and falsely accused me of a number of things which were not true, and were dismissed in court. The state police said I would have to make the complaint to Exeter

police first and if they did nothing then appeal to you folks. I did make a written complaint to Exeter police and as of this date they have done nothing other than serve me with a trespass notice and restraining order for Angela Greene. I sought a restraining order against her but the court denied mine, but gave her one which I find odd, and the same judge, Mark Weaver.
